

ADMISSION ANNOUNCEMENT 2022

The Mexican Society of Biochemistry, A.C. invites the scientific community interested in joining the society, as regular or student members, to complete the application form. This invitation also includes those previously affiliated student members that require renewing their membership by updating their enrollment proofs. The Membership Committee is adamant to use only academic criteria to determine the admission and to follow this calendar:

- Anyone interested in becoming a member must send their completed application in February and March. Please notice that the April 8, is the deadline for receiving such documents.
- Evaluation of applications will take place during May.
- Results will be available at the SMB web page on the last week of May.

REQUIREMENTS FOR SMB MEMEBERSHIP

All documents must be addressed to **Dr. Agustín Guerrero Hernández**, President of the Membership Committee. Attach documents in the field "Attachments" directly in the electronic application form.

Student members: <https://smb.org.mx/admisiones-socios-estudiantes/>

Regular members: <https://smb.org.mx/admisiones-socios-numerarios/>

Fields marked with an asterisk are compulsory, in order to be able to send the completed form. In the case that the documents file cannot be attached correctly, send it to admisión@smb.org.mx.

REGULAR MEMBERS

- a) They must be researchers working in any of the fields of Biochemistry or any other specialty that may be enriched by biochemical studies.
- b) They must have published at least two original manuscripts on biochemical research or in a specialty that enriches itself and Biochemistry.
- c) They must send two postulation letters, in headed notepaper, signed by current regular members.
- d) They must fill and sign their application. Please use the application form in <https://smb.org.mx/socios/convocatoria-de-ingreso/>
- e) Include an abbreviated CV (**Maximum five pages**)
- f) Include a photocopy of the first page of your **last five** publications.

STUDENT MEMBERS

- a) They must currently be students in some teaching or research institution, working in some field of biochemical research.
- b) Their application should be sponsored by two professors, which must be regular SMB members. The application form is available in <https://smb.org.mx/socios/convocatoria-de-ingreso/>
- c) **Important note.** This format must include the names and signature of the professors sponsoring the application.

NOTE:

Applications from postdoctoral fellows must fulfill the stated requisites for regular members.

STUDENT MEMBERSHIP RENEWAL

In order to remain as active SMB members, those students that were accepted or renewed their membership in 2020, must send their current enrollment proof directly to <https://smb.org.mx/admisiones-socios-estudiantes/>

Those students that cannot obtain a current enrollment proof must send a letter, in headed notepaper, signed by their thesis advisor stating their participation in research activities.
